

Dear Dance Team Friends and Supporters,

November 1, 2024

The Dance & Drill Coaches Association (DDCA) is a membership organization consisting of dance team coaches, judges, and associates that help provide the structure and foundation for high school, middle school, and club dance teams to thrive in Oregon. The DDCA primarily sanctions competitions, organizes educational and dance team events, supports coaches and judges in their roles, raises funds and awards scholarships, and gives structure to the artistic and athletic beauty of Oregon Dance Team as a sport and artform.

Scholarships awarded to deserving students participating on Dance Team include Academic Scholarships, Dance Talent Scholarships, and Diversity Scholarships. This year, to help raise funds for the 2024-2025 scholarship fund, the DDCA is offering some dynamic giveaway prizes to raffle off in September, which will directly support our outstanding Dance Team seniors. Please consider donating through our Scholarship Raffle drive - and who knows, you may even win a prize!

Prizes are divided into various baskets, and include show tickets, game tickets, sweet treats, museums, amusement parks, a beach house stay, and dance camps! Entries are \$10 each, and the more you contribute the more entries you receive. Every little bit helps! Please share the raffle website with your friends, families, and social media followers!

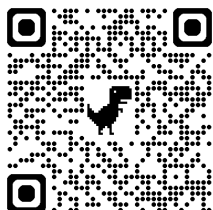

There is a place for the purchaser to enter their favorite dance team name when they purchase tickets. We'd love to hear who you root for! Participants must be 18 or older to play, and 21 or older to enter prizes with alcohol or the beach house.

Every entry helps us award another scholarship to our amazing and deserving dancers, so please contribute. The giveaway campaign ends on December 14, 2024!!! Take a look at the dynamic raffle prizes by clicking or scanning the links below.

Sincerely,

The Dance & Drill Coaches Association of Oregon Board of Directors
