

## DDCA All-State Auditions- What you need to know!

-All-State is a LONG day, check in begins at 8am, PACK for the day!!!  
Layers of clothing, food and snacks, blankets, different shoes, make-up/hair touch up items, a blanket, music player, good luck charms.

-An ADULT SUPERVISOR must accompany dancers! This can be a coach or a team parent. Adult supervisor must be present for the entire day, please be sure that person is packed and ready for the long day as well.

-Be sure all dancers have THEIR number on! Cuts will be made based on numbers, results will be posted by numbers. Please- NO identifying team wear or team uniforms.

### Morning Set Up

-All dancers auditioning for All-State will participate in the Welcome, Warm-Up and Review session, then begin the small group auditions of 1 portion of the routine in their specific OSAA classifications.

-Dancers will be in small groups and called back by their numbers to audition. 1 group will audition at a time, 1 group will be "on deck" outside the gym ready to go.

-Dancers who make the cut will be posted toward the end of lunch break after all scores have been tabulated. Dancers should look under their OSAA classification for their numbers to determine whether or not they made it.

-After lunch, those dancers who have made the first set of cuts should leave their numbers on.

-Dancers who made it will move to the main gym to learn the other 2 sections of the routine, any dancer who did not make it but would still like to learn the routine is invited and encouraged to stay and learn.

-After the learning sessions, dancers will have a dinner break. Those who are not auditioning are free to leave at this time. Those staying can practice in the cafeteria in the space close to the gym entrances. All dancers should still have an adult supervisor with them.

## Final Audition Set Up

- Dancers will be given new audition groups.
- Similar to the morning round, dancers will be called back in their audition groups.
- After the group auditions, dancers should remain at the school until call backs.
- If judges need Call Backs, those will happen after all dancers have completed their auditions. It may be that all dancers return to the gym or just a handful of dancers. All dancers should stay warm and be ready.
- Then... the exciting reveal of the 2024 All-State Dance Team!!!!
- Hugs, pictures and loves to all who participated in the day. Be sure to clean up all garbage and leave our space cleaner than when you arrived.

This is an AMAZING day and a great experience for our high school seniors! Help them to enjoy the day, take in the moment and share their passion of dance with those around them!
