

Elementary & Middle School Dance Team coaches Needed (two separate teams): You would be responsible for doing choreography and taking the teams to 2-4 local competitions on Saturdays, as well as some other local performances like football and basketball half-time games (usually 2-3 total games). The teams end up having about 8-10 performances throughout the school year.

Coach(es) should have experience in dance team as well as working with kids and being capable of doing choreography and formations. The coaches need to be diverse in Hip-Hop, dance team technique, jazz, contemporary, ballet, drill down, and pom, if possible. Coaches are responsible for maintaining good communication with the parents, ordering dancewear, & scheduling/attending competitions and performances. This job would begin immediately! Last year, classes were on Tuesdays and Thursdays 3:05-4:20 (Elementary) and 4:30-5:55 for middle school. I do have some flexibility to change around the practice days if needed, but really hope I can stick with these times, if possible. I have not done my fall schedule yet, as I'm going to work at around the coaches' schedules.

Pay begins at \$13/hour if co-coaching or \$18/hour if teaching by yourself. Pay will also depend upon experience, and I am willing to pay more, if we get enough team members and you have coaching experience.

Please text or call Brittney at 541-760-6821 for more information.

Thank you!
